

Shape Match

What You Need

- 3 game markers for each child
- Shape Cards
- Game Board

Check Understanding

Ask: Which shape can you make with the small triangle card and the rhombus card?

What You Do

1. Mix the cards and place them facedown in rows.
2. Take turns. Turn over 2 cards.
3. Try to find a shape on the **Game Board** that you can make with your 2 cards.
4. If you find a matching shape, place a game marker on it. If you don't, turn the 2 cards back over.
5. The first player with 3 markers wins.

I put different sides together to see what new shape I can make.
