

Make a Tally Chart

What You Need

- 10 red, 10 blue, and 10 yellow connecting cubes
- bag
- Recording Sheet for each child

Check Understanding

Ask: Look at your data. Which color did you pick the most? Which did you pick the least?

What You Do

1. Put all the cubes in the bag.
2. Take turns. Pick a cube and mark a tally in the correct row of the chart on the **Recording Sheet**. Put the cube back in the bag.
3. Keep track of your turns. Continue until each partner has 10 turns.
4. Use your data to answer the questions.

Example

Pick a cube.

Make a tally mark.

Cube	How Many
Red	

Go Further!

Make a picture graph to show how many of each color of cube you picked. Draw a square for each cube.

Make a Tally Chart

Keep track of your turns.

Cross out a number for each turn.

1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	----

Make a tally chart.

Cube	How Many
Red	
Blue	
Yellow	

How many yellow cubes did you pick? _____

How many yellow cubes did your partner pick?

Circle who picked more yellow cubes.

me my partner both the same number

I make one tally mark for each cube.
