

ROCKS AND MINERALS EXPERIMENT PERMISSIONS SLIP

This month the 2nd graders are learning about rocks and minerals in Science. Several of the activities that we will be doing in class will include the use of food (for example, gumdrops and chocolate chip cookie). In order for your child to participate in these activities, we need to have a signed permission slip for each child. If your child does not return the permission slip, he/she will not be able to participate in the activity.

____ Yes, my child _____ can participate, and
eat the food.

____ No, my child _____ cannot participate.

Parent Signature _____
