

## 2<sup>nd</sup> Grade Service Learning Project

Service learning is an educational approach that balances formal instruction and direction with the opportunity to serve in the community in order to provide a pragmatic, progressive learning experience. Service Learning properly connects the traditional classroom experience with the real life lessons that come through service.

Here at Quest we get the opportunity to take part in 2 service learning projects this year. In December we are going to engage in a project to help foster dogs. We are going to make chew toys in class for them. Any donations for this project will be greatly appreciated! We will need the following items:

- Fleece or old t-shirts (cut in 3x15 inch strips)
- Fleece cut into (9x12 in pieces)
- Empty water bottles
- Socks (old and new)
- Tennis balls
- Rubber bands

Thank you so much for your help with this fun service project!
