

Guess My Category Sort

This sort needs a partner with the same words.

1. Both partners need to READ quickly through the words. (Partners may read the words quietly together with one partner's words.)
2. ONE partner sorts *three or four* words from the SAME category.
3. Ask your partner what the CATEGORY for those words is.
4. If he/she is CORRECT put that card in the "header" position.
5. If his/her answer is NOT CORRECT , sort more cards into that category.
6. The SECOND partner now sorts three or four words from a different category.
7. Ask your partner what the CATEGORY for those words is.
8. If he/she is CORRECT, put that card in the "header" position.
9. If his/her answer is NOT CORRECT, sort more cards into that category.
10. Continue taking turns between partners until all categories have been guessed. Go back to your desk to RECORD the SORT.
