

Join our **CHANGE** for WATER

CHALLENGE

6,000 children die from water-related diseases every day.

WHOlives is a trusted 501c3

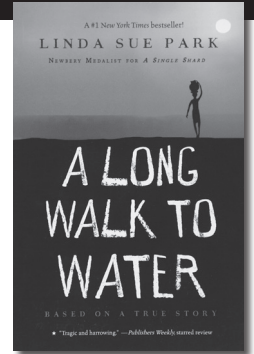

Dear Parents:

This week we are learning about what it means to “walk in someone else’s shoes” and how we can help others who may look or act differently than we do. We’ll be talking about **EMPATHY** and working together on a **Change for Water Challenge**.

We invite your family to join us to bring clean water to a school or community in Africa with the support of the award-winning non-profit, WHOlives. They are a Utah-based company that brings sustainable, clean water solutions to developing countries.

The **Change for Water Challenge** is simple. Students bring in coins they earn or collect every day. Additionally, when your child finds one \$5/month sponsor for 12 months, they will help bring lifesaving water to 12 additional children (\$5 can bring water to a child for life). Every child who finds one sponsor will receive the award-winning book, **A Long Walk to Water**.

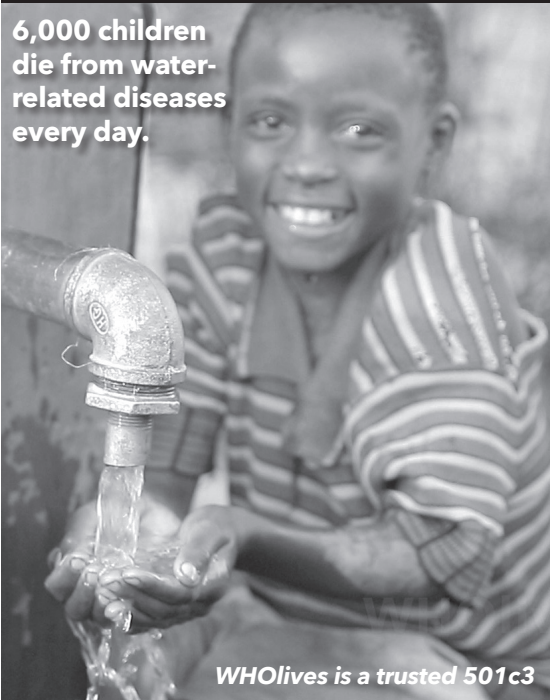

Read the back of this flyer and see how your family can help. Learn more with the videos found at the teacher portal: www.WHOlives.org/learning
