

9th Grade Mathematics (Crawford 2017-18)

Individual Student Supplies: (Bring to class daily)

- **Headphones/earbuds** - Each student will need to bring their own headphones/earbuds to class each day.
- **Pencils (with erasers)** - Learning math requires lots of practice, and with that practice comes lots of mistakes. All class work/homework will need to be completed in pencil.
- **One 3-ring binder** specifically for Math class. (It will need to be between 1 - 2 inches in "ring size".)
- **1 package of Lined Notebook Paper** (Please put into your 3-ring binder.)
- **Scientific Calculator** - This does not need to be anything fancy. As long as the calculator has the sin, cos and tan buttons, it should have everything else needed for this class.

Students also will need to have Internet access at home in order to access online class materials/notifications. Any student without Internet access should contact Mrs. Crawford in order to make accommodations.

In addition to the above materials, donations of the following items would be greatly appreciated. These are items that will be shared with all the Junior High classes and we will definitely need multiples of all of these throughout the school year:

- Boxes of Tissues
- Reams of copy paper
- Containers of disinfecting wipes
- Hand Sanitizer
