

Optional Prodigy Account Upgrade

Prodigy is offering POQA the opportunity for any parents who are interested in upgrading their student's free account to the paid version an annual rate of \$12 per student account. The normal rate is approximately \$9 per month or \$60 per year so this is a significant (80%) discount! In order to receive this rate, a minimum of 30 parents must be willing to purchase the upgrade at the discounted rate. (\$12 for 12 months!)

If you are interested in participating in this optional parent discount program, here is what you need to do:

- Have a parent account on <https://www.prodigygame.com/> (This is free and simple to create. Go to this website and create a "Parent Account" under the "Get your free account" link.)
- Link your student's account to your personal parent account. If they use it in class, they have an existing account that can be linked to both their teacher and parent's accounts. (They will need their log-in and password from school for you to link them.)
- Fill out the enrollment form below and return it to the office with \$12 (preferably cash to make the process as simple as possible or check made out to POQA).
- Submit the form and money to the office by **Wednesday, March 23rd**. (In order to have the upgrade ready for Spring Break Math practice!)
- Existing upgraded members: This discounted annual membership would go into effect at the end of your current paid membership expiration.
