Grading Policy: Your grade in will be based on a combination of Daily bell work assignments, Daily assignments and Participation of in-class activities.

Homework Policy: Marketing is an ‘activity-based’ class and has very few assignments that will be required to be completed at home. Most assignments are due the day worked on in class. Any assignments given, as homework will have a due date assigned. Assignments turned in past the due date will have points deducted. Assignments completed more than one week past the due date will not be accepted and will be given a zero grade.

Make-up work policy: Please refer to my website (listed at the top of this page) updated with each day’s class assignment. Because Marketing is an activity based class, missing school puts each student at a disadvantage. It is each student’s responsibility to obtain the required assignment if they are absent. When students are absent, they will have the same amount of school days to make-up work as they were absent (i.e. if you were absent 2 days, you have 2 extra days to turn in work for full credit). Special arrangements will need to be made for long-term excused absences. For accommodations for those students who are unable to meet the due dates for any homework assignment, please see Mr. Cypers.
