

Dear Parents/Guardians,

For our fourth grade Rendezvous, one of the rotations that students can go to in the morning will be to make their own butter (using whipping cream and salt). Students will be making their small container of butter and will then be able to put their butter on a bun or cracker to eat!

Students will only be able to participate if written permission is returned to their teacher by **Friday, May 16th**. If no permission is given, an alternate activity will be available.

_____ I give my student _____ permission to make and eat butter on a roll or cracker during the Fourth Grade Rendezvous.

_____ I do not wish my student to participate in this activity and would like him/her to participate in an alternate activity.
