

# Fiction Cereal Box Book Report

You are to create a cereal box book report to share your fiction book with the class. Please follow the directions listed below as you create your project.

1. Use the provided templates to tell about the important parts of your book. Then, cut the templates and attach to your cereal box. Required parts include:

(1) book information - title, author, genre

\*include in the design of the front of your box

(2) setting description (attach to side of box)

(3) main characters (attach to side of box)

(4) summary - or summary and favorite part (attach to back of box)

(5) book rating (attach to top of box)

(6) puzzle or game (attach to back of box)

\*\* an extra Favorite Part puzzle piece is included, but not required.

2. Design the front of your cereal box around the ideas from your book. Be creative with your title – for example, if you read one of the Wayside School books, you could call your cereal "Wayside Puffs." You may use craft and art supplies on your box, but make sure that the design doesn't distract from your work. Add your name somewhere on the front where your teacher can find it!

3. Make sure that your box is neat and that your writing is legible. Mistakes should not be left crossed out, and eraser marks should not be seen.

Your Cereal Box Report is due \_\_\_\_\_.
