## My Homework

Lesson 6
Read Bar Graphs

## Homework Helper <br> Need help? $J^{\text {connectED.mcgraw-hill.com }}$

The bars on a bar graph tell how many.
Look where each bar ends. Read the number.

| Favorite Shape |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Circle |  |  |  |  |  |  |  |  |
| $\square$ Square |  |  |  |  |  |  |  |  |
| $\triangle$ Triangle |  |  |  |  |  |  |  |  |
|  |  | 1 | 2 | 3 | 4 | 5 | 6 | 78 |

> Which shape has the most votes?
> square

## Practice

## Use the graph to answer the questions.

| What We Like To Do |  |  |  |  |  |  |  |
| :---: | :--- | :--- | :--- | :--- | :--- | :--- | :---: |
| R Play games        <br> Read a book        <br> Draw        <br> 6 0 1 2 3 4 5 6 |  |  |  |  |  |  |  |

I. How many students like to draw?
2. Which activity got fewer votes than playing games?

## Use the graph to answer the questions.

3. How many students voted for pencil?
4. Which school supply got fewer than 3 votes?
$\qquad$

5. How many more students voted for pencil than for book bag? $\qquad$
6. How many students were surveyed in all?
$\qquad$

## Test Practice

7. How many people were surveyed in all?

20
$\bigcirc$

18
