

## Lesson 8 Reteach

### Missing Addends

$$3 + \square = 7$$

Related facts use the same three numbers.

$$\bigcirc \bigcirc \bigcirc + \bullet \bullet \bullet \bullet = 7$$

Write a related fact.

$$7 - 3 = \underline{4}$$

$$\text{So, } 3 + \underline{4} = 7$$

**Find the missing addend. Draw the missing counters to help.**

1.  $8 + \square = 12$

$$12 - 8 = \square$$

2.  $4 + \square = 9$

$$9 - \square = 4$$

3.  $\square + 6 = 10$

$$10 - 6 = \square$$
