

## Introduction to Quest Academy

Quest Academy is a technology-focused charter school for grades K-9 located in West Haven, Utah. Our mission is to provide students a challenging, technology-rich environment, enabling young citizens to become leaders prepared for the challenges of an evolving global community.

Quest Academy offers a high quality, individualized learning experience, coupled with a positive learning environment by teachers who care and truly know students and their needs. The school's commitment to a technology-rich environment does not just mean more computers; the technology is embedded in the curriculum to allow each student to more effectively learn state standards.

Quest Academy is set apart by the following:

- Differentiated instruction within the classroom to fit all students' academic needs
- Enrichment programs offered in kindergarten through ninth grade
- Research based strategic teaching methods emphasized in the classroom
- Dual platform environment with PC and Mac labs and laptops. Grade level iPad sets for enrichment and support
- Supported Teaching Model school wide- meeting the academic needs of all students
- Parent/Teacher communication at the ready through teacher blogs, email, and monthly parent teacher conferences
- Ninth grade offers more credits towards graduation than surrounding schools, including state required Financial Literacy Course
- Technology course electives offered at the junior high
- Daily Targeted Tutoring in both the elementary and junior high
- Kindergarten Reading Ready Classroom
- S.T.E.M. and competitive clubs, including Cyber Patriots
- Afterschool programs such as robotics, movie making, drama, and money management

In an effort to provide the most rigorous learning environment for students at Quest Academy, the school is in the process of becoming a S.T.E.M. (Science, Technology, Engineering, and Math) state endorsed school. The school's technology charter, coupled with S.T.E.M. principles such as The Engineering Design Process, Depth of Knowledge, rigorous problem solving, reflective thinking, student collaboration, and higher order thinking, are keys for preparing Quest students for college and future careers, as well as equipping them to meet the challenges of the world around them.

## School Business Partnership

**“It takes a village to raise a child.” –traditional African proverb-**

At Quest Academy we believe in being an integral part of the community. We know our students will achieve more with the help and support of local businesses. We invite all interested parties to take part in assisting the rising generation at Quest Academy to succeed.

The student body at Quest Academy would benefit from local businesses in many ways. The greatest needs are as follows:

- donating time at the school by reading with students
- donating time at the school by teaching students college and career ready skills especially in the areas of Science, Technology, Engineering, or Math
- opening business for field trip experiences especially in the areas of Science, Technology, Engineering, or Math
- monetary donations
- resource donations--especially those resources to assist in teaching Science, Technology, Engineering, or Math

If you are interested in helping the students at our school, feel free to see the tax-deductible donation options below.
