

Dear Parent,

Your child is a STAR (but you already know that). Monday, we will be celebrating your child and learning about all the wonderful things that make them special. Please spend some time this weekend with your child creating a poster that will tell us all about your child. Feel Free to use any materials you wish to create your poster (paper, crayons, markers, glitter, etc.), and let your child be a part of the designing process so they will be able to tell us all about their poster. Please be sure to include the below information on the poster using photographs, words, or drawings, as well as anything else your child wants us to know about him or her. Make sure you return the poster on

_____ so that they can share it with the class and we can display it all week. I will send the poster back home on Friday. Thank you for all your help!!
