

2nd Grade Shenanigans

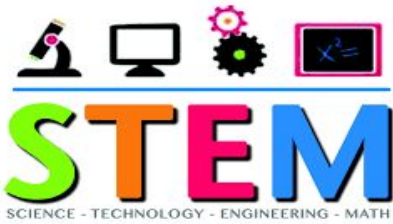

Issue #1

June 14, 2016

Quest Academy-A STEM School

by: Teri Blok

Quest Academy is one of 19 Utah schools to have a STEM endorsement. 2nd graders do a monthly STEM project involving some form of math, science, engineering, or technology. Previously, they have made roller coasters, made cans move without touching them, and invented a new "dauber" to bob for apples. STEM challenges are a great way for the students to learn to work together to create new items.

Class Wish List

The following items are those that we use a lot of during our STEM Challenges.

1. craft sticks
2. Duct tape
3. Masking tape
4. Cups (plastic)
5. Toilet paper/paper towel rolls (empty)
6. Small magnets

Cooking Class 2015-2016

First Weeks of School

The first 3 days of school will be "Early Out" days. School will end at 1:00 each day. The following week we will begin our reading, spelling, and math assessments of your children. Please make sure that they are on time to school :)

Back to School

by: Teri Blok

Back to School Night is on August 15th. I am excited to meet each of you and to hear what exciting things you did this summer. You may bring your school supplies this night or on the first day of school.
